

December 11, 2020

Good afternoon,

As you are likely aware, on December 8, 2020, the Alberta government announced additional measures that will limit the amount of contact between people in the community.

Starting Sunday, December 13, 2020, at 12:01 a.m., restaurants, pubs, bars, lounges and cafes will be closed to in-person service, as per public health orders. Only takeout, curbside pickup and delivery services are permitted. Alcohol may be sold through take-out or delivery from Class A licensed establishments with or without the purchase of food.

All VLTs will be disabled at 12:01 a.m. on Sunday, December 13. A reminder to reconcile the monies in the units in a safe manner, ensure the devices are properly secured and if possible, please leave them powered on so AGLC can perform checks and software maintenance, which will ensure they are ready to go when the public orders change and allow them to re-enabled for play. Additionally, a sweep will happen as usual on Tuesday to capture all activities up to Sunday.

We recognize the impact these measures may have on your business and employees. AGLC will continue to share information we have about available business support programs. Below are hyperlinks to provincial and federal supports for employers including the co-lending program from the Business Development Bank of Canada:

[Provincial supports for businesses](#)

[Federal supports for businesses](#)

The current restrictions are in place until at least January 12, 2021. AGLC will continue to work closely with government and Alberta's Chief Medical Officer of Health to ensure that we are ready for when regular business operations resume. We continue to encourage every Albertan and organization to support public health efforts and comply with all public health guidance. It is critical that we work together to keep all Albertans healthy and safe.

AGLC will continue to communicate updates as they become available. For the most up-to-date information, please continue to visit [AGLC.ca/COVID-19](https://aglc.ca/COVID-19). More information on sector guidelines can be found at Alberta.ca/enhanced-public-health-measures.aspx.

Yours truly,

Niaz Nejad
Chief Operating Officer
AGLC
